Mega Fusor Bass Trap

Ref. - COMB1B
EAN13 - 5600217588220
Box - 62 x 62 x 62 cm
Weight - 5kg
Each Panel - 60 x 30 x 42 cm
Units per Box - 8

Features

Bass Traps, are considered to be one of the best optimized solutions when treating low frequencies. They are also commonly used as an excellent complement to other acoustic products.

The unique shape of Mega Fusor Bass Traps presented by Vicoustics, will allow you to minimize the dramatic effects that come essentially from Resonating Waves, whose existence is commonly associated to confusion and the "boom" sound that you hear in a room.

- ✓ Ease of installation
- ✓ Excellent value for money
