Multifusor DC

Ref. - A2DC
EAN13 - 5600217588015
Box - 62 x 62 x 62 cm
Weight - 5kg
Each Panel - 60 x 30 x 42 cm
Units per Box - 8

Features

The Multi Fusor DC is a bi-dimensional diffusion panel frequently applied on walls or ceilings, providing multi-reflection on both vertical and horizontal planes in sound critical spaces. It performs on high frequencies, brightening and clarifying sound. Made from light, high quality EPS (Expanded Polystyrene), the Multi Fusor DC is notable not only for its effective performance in solving problems like lack of speech intelligibility or music definition, but also for its attractive design that fits perfectly in any kind of room.

- ✓ High efficiency Diffusion
- ✓ Ease of installation
- ✓ Can be painted with water based links
